

# 2019 BY THE NUMBERS

Red Technologies had a blast collaborating with our incredible clients in 2019! We saw sustained growth, made some new friends, & expanded our knowledge in website development & branding trends. While we pride ourselves in superb response times, attention to detail, & customized strategies, here are some other stats we are very excited to celebrate:

**57** websites we host on our dedicated server

**14,452** on average website visitors for clients enrolled in monthly SEO

**6** TikToks

& boomerangs we published. Do we need to mention the

**50-60** outtakes that keep us laughing?!

**4,780** hours spent on website development, SEO, security & maintenance, social media & marketing in **2019**

**7** photos of "bizness" lady coffee dates where we get stuff done (thanks to our **350** friends who like these photos!)

**40,560** "likes" our social media clients received in **2019**

**1** family Red Technologies adopts every year through the Rotary program in December

**1** website donated by Red Technologies to support the amazing resources that Wrestling4Life is offering our public servants

**11** Brand new websites we debuted in **2019**

**11** Amazing teammates who make Red Tech a success
